

# Help Out on State Natural Areas

## Rocky Run Workday

**Help out at Rocky Run SNA!** Help care for this site and learn something in the process. Rocky Run is a priority site because it is large, has rich sand prairie and oak savanna, and rare plants and animals live there. We are expanding the good areas by removing pine plantations, brush, and spreading native seed. We will be collecting seed to scatter in areas where brush has been removed and pines have been harvested. No skills needed you will be trained onsite.

**Date:** Third Wednesday of the month

**Time:** 9am-noon

**Directions: End of Walsh Rd.** From Madison travel north on Hwy 51 to Hwy 22. Take 22 north (slight right). Travel north 9.5 miles to Phillips road on the left. Take Phillips road west (about two miles) to Walsh road on the left. Turn left (south) on Walsh road and follow to the end (turn left at the end) where we will meet at a private residence (not a public access). [Google map.](#)

**What to wear:** Dress for the weather and wear clothes that are OK to get beat up, gloves (we will have extra), sturdy footwear, safety glasses (we will have extra).

**What to bring:** Gloves and scissors (we will have extra)

Please RSVP to Kim Reinke at [knittingthyme@hotmail.com](mailto:knittingthyme@hotmail.com) if you are interested and to hear if the workday is cancelled due to weather conditions. If you don't RSVP come anyway.

If you are lost the day of contact is Kim at 608-697-8866.

Collecting seed
